To,

Siddhagiri Hospital & Research Centre, Kanerimath.

Kolhapur.

I am writing to express my sincere gratitude to Dr. Shivshankar Marajakke and the entire team for Exceptional Care provided to my mother.

She was Experiencing severe and debilitating Symptoms including headaches, vertigo, tremors, and memory loss for an Extended period. These Symptoms significantly impacted her daily life. Following a thorough examination including an MRI, Dr. Shivshankar Marajakke diagnosed her with hydrocephalus and a small tumor behind her left ear. The recommended course of action was surgery, which was complex procedure.

Despite the complexity of the surgery, the operation performed on 23rd January 2025 was a resounding success. We were deeply impressed by the professionalism, unmatched skills, profound knowledge and compassion demonstrated by Dr. Shivshankar Marajakke and the entire surgical team throughout the process.

My mother's recovery has been remarkable. She was quickly transferred from the ICU to the special room and discharged within a week of the surgery. Her condition has significantly improved.

The campus over here is filled with joy and immense spiritual Energy in the atmosphere, one can feel the spirit over here. Dr. Shivshankar Marajakke's calm demeanor and reassuring words were a source of strength for me and my family. You have an extraordinary ability to not only heal the body

but also uplift the spirit, It's rare to find a doctor who combines such unparalleled skill with genuine compassion and humility.

Also the staff over here in hospital were very polite and helpfull at every step, thanks to the Sister's, nurse's in ICU who took special care and also in the ward room, thanks to brother's and maushi's also who always maintained cleanliness in the surrounding, as we say cleanliness is next to godliness, that can be seen over here in this hospital where people's come under the protection of P.P. Kadsiddheswar Maharaj and get's treated under highly Expert doctor's and get's well soon. It's the divine power over here which protects everyone.

Thank you once again for your outstanding care, wishing you continued success in your noble work of saving lives and bringing comfort to so many.

With heartfelt gratitude.

Special and deeply thanks to

Dr. Shivshankar Marejake Sir.
